DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see Response filed 10/3/05 (page 8, line 9 - page 10, line 16), with respect to the rejection(s) of claim(s) 87-107 under 35 USC §103 have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made in view of 35 USC §112.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 87-107 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 87, line 5; claim 93, lines 3-4; and claim 99, line 4, the phrase "a first process table and a second process table corresponding to a print mode" is unclear as to whether both process tables, or only the second process table, bears the recited correspondence to a print mode.
